

Figure 1 is a dot plot showing the distribution of the number of correct answers (0 to 7) for seven groups: 1H, 2H, 3H, 4H, 5H, 6H, and 7H. The y-axis represents the number of correct answers, and the x-axis represents the groups. Each group has a vertical line with horizontal ticks indicating the frequency of correct answers. Group 1H has the highest frequency of correct answers, while Group 7H has the lowest.

1H 2H 3H 4H 5H 6H 7H
